

# CHARLIE BAKER FIGHTS FOR THE WEALTHY FEW

## NOT WORKING PEOPLE

**Ban Project Labor Agreements.** Baker wants to ban Project Labor Agreements (PLAs), which ensure workers are paid fair wages and have safe working conditions. As governor, he says, he would issue an executive order eliminating PLAs on state-funded construction projects. (Burlington Union, 9/18/10)

**Cut Our Wages.** Prevailing wage laws, which ensure workers are paid a fair wage, will be in jeopardy under a Baker administration. Baker says, "I won't get any endorsements from union leadership. But I don't want them. The price is too high [for construction projects]." (The Eagle-Tribune, 9/21/10)

**Gut Unemployment Insurance.** Baker proposed slashing unemployment insurance benefits by making eligibility requirements tougher while cutting the time recipients may receive benefits. (Candidate website, accessed 10/1/10)
